

Commander® Main Deck Conversion

Increase the versatility of your Oshkosh AeroTech Commander® with a Main Deck Capable Upgrade

Converting your lower-deck Commander® loader to main deck height allows service of a wider range of aircraft, adding flexibility to your operation without the cost of new equipment. Upgrade features:

- Main Deck Scissors
- Main Deck Ladder
- Drive Wheel & Tire Assembly
- All Necessary Electrical and Hydraulic Components
- Increases service height to 220 inches (5,588mm), allowing service of main decks of the following aircraft: 707, 727, 737, 747, 757, 767, 777, MD-11, DC-8, DC-9, DC-10, A-300, A310, A-330
- Maintains full capacity rating of 15,000 lb. (7,000 kg) on the platform
